

## Login IP Justification Form

Login will provide an appropriate initial IP allocation based upon the services provided. Should additional address space be requested, please complete the following questions:

1) Check the CIDR allocation that your are requesting:

- /28 (14 Usable IPv4 Addresses)
- /27 (30 Usable IPv4 Addresses)
- /26 (62 Usable IPv4 Addresses)
- /25 (126 Usable IPv4 Addresses)
- /24 (254 Usable IPv4 Addresses)

2) Please check the box that best describes your needs:

- I am going to renumber away from another ISP. My current allocation(s) is/are:

- I have reached 80% of my current Login IP Space and need more.
- This is a new network and I do not have any current assigned space from Login.

3) Please provide an IP allocation forecast for future needs:
